APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 0.25 c.f.s., herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State retains the right to regulate the use of the water herein granted at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

This permit is subject to the condition that the permittee must ensure that wildlife which have customarily used such water will have access thereto, NRS 533.367.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is approved subject to the State Engineer's ruling #2712 dated September 3, 1981, and the Springs shall be captured and diverted as per the engineering drawings submitted by the applicant on April 16, 1982. No casing or collector pipe shall penetrate the clay layer on which the water is perched. No water shall be captured or collected from a depth greater than 10 feet from the ground surface.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed.....0.25.....cubic feet per second, but not to exceed 30.3 million gallons annually.

Actual construction work shall begin on or before.....

Proof of commencement of work shall be filed before.....

Work must be prosecuted with reasonable diligence and be completed on or before.....October 22, 1989

Proof of completion of work shall be filed before.....November 22, 1989

Application of water to beneficial use shall be made on or before.....October 22, 1991

Proof of the application of water to beneficial use shall be filed on or before.....November 22, 1991
